Thumbnail slider yg ini kenapa beda sama thumbnail yg di bawah ya? Yg bener thumbnail yg di bawah

Tambah master data buat tipe

Kalau edit unit, status unitnya jadi angka 0 atau 1. Seharusnya "Available" atau "Indent"
Waktu create udah bener, tp waktu edit jadi balik angka

The screenshot shows the "Edit Unit" form. The sidebar on the left has the "Master Data" icon highlighted with a red arrow pointing to it from the text above. The form fields are as follows:

Edit Unit	
Name	<input type="text" value="The Maple"/>
No Unit	<input type="text" value="12"/>
Status Unit	<input type="text" value="0"/>
Unit Type	<input type="text" value="The Maple"/>
Blok	<input type="text" value="B"/>
Nomor	<input type="text" value="1"/>

Actions button is visible on the left side of the form.

The screenshot shows a software application window titled "RUMAH SEDERHANA". On the left, there's a sidebar with icons for General, Manage, Web Content, and Master Data. The main area displays three tables:

- Project Type**: Shows a single entry for "Maple" with a thumbnail image of a house.
- Related Project Type**: Shows a table with one row for "The Maple".
- Related Units**: Shows a table with two rows: "The Maple" and "Tha Maple 2".

Buttons for "Tambah Foto", "Tambah Tipi", and "Tambah Unit" are visible. A red arrow points from the text below to the "Tambah Tipi" button.

Suggest aja ini bisa nggak dibikin sort berdasarkan nama, nomor atau status atau unit Tipe. Soalnya kl banyak kan pusing kl nggak bisa diurutin
